**Re: State Implementation Plan Revision – Withdrawal of Env-A 1600 – Fuel Specifications
Submitted on November 14, 2003 and September 14, 2005**

Dear Administrator Spalding:

By letter dated November 14, 2003, the New Hampshire Department of Environmental Services (DES) submitted a request for approval of revisions to the New Hampshire State Implementation Plan (SIP). Included in that request was a revision to New Hampshire Code of Administrative Rules Env-A 1600, *Fuel Specifications*. An updated portion of the rule, Env-A 1601-1610, was subsequently submitted as a SIP revision by letter dated September 14, 2005. Pursuant to my authority as delegated by Governor Margaret Wood Hassan, I am withdrawing both referenced SIP revisions related to Env-A 1600. New Hampshire has adopted a revised version of Env-A 1600 with an effective date of September 24, 2013. New Hampshire will submit this revised version of Env-A 1600 to EPA as part of a future SIP revision.

Thank you for your attention to this matter, and please contact Michele Roberge, SIP Planning Administrator at (603) 271-6793 or via email at michele.roberge@des.nh.gov if you have any questions.

Sincerely,

Craig A. Wright
Director
Air Resources Division
